## 'Four-Ninety' Touring

From a mechanical standpoint, this model has reached a standard of excellence that is not surpassed in any motor car. Vanadium steel is used for every part that requires unusual strength. It has ample power—proper spring suspension—correct weight—smart in appearance—well finished. It has unusual records in gasoline economy.

### NEW FEATURES

The motor is of an improved design. The cooling is by water pump. The oil pump has been changed to the gear type. The pump is placed in the forward end of the cylinder casting.

Tire carrier is provided and is fastened at the rear of the body.

### ADDED REFINEMENTS

Wheels are fitted with demountable rims; one extra rim is furnished.

Other features of the New "Four-Ninety" are: New Oil Pressure Gauge; New Improved Radiator; foot rail; robe rail; tilted windshield; one-man top; improved type curtains, folding up into top; flaps on top of each door for protection of body and the finish; pockets on the inside of each door.

You should investigate Model "Four-Ninety" economy records.

The Sports Best Man

### MAYSVILLE SUNDAY SCHOOLS

To Engage in Contest With Somerset On November 4, It Being the First International "Go-to-Sunday-School" Day.

Mr. C. Frank Nash, president of the Maysville Sunday School Association, yesterday received the following letter from Mr. William B. Gragg, president of the Pulaski County Sunday School Association, and also president of the State Sunday School Association:

Somerset, Ky., October 6, 1917.

Mr. C. Frank Nash,  
President of Maysville S. S. Association,  
Maysville, Ky.

Dear Sir and Brother:

As president of the Pulaski County Sunday School Association, I have been instructed by our Executive Committee to challenge the city of Maysville for a friendly contest with the city of Somerset for the largest attendance upon the Sunday Schools of the two cities in the first International "Go-to-Sunday-School" Day, which will be observed on the fourth day of November, 1917.

Kindly let me have your reply at your earliest convenience.

Very truly,

W. B. GRAGG, President,  
Pulaski County Sunday School Association.

The challenge has been accepted and Mr. Nash immediately wrote Mr. Gragg, as follows:

Maysville, Ky., October 9, 1917.

Mr. W. B. Gragg,  
Somerset, Ky.

My Dear Brother:

It is with pleasure that the Maysville Sunday School Association accepts the challenge for a friendly attendance contest on the fourth of November of this year, between the Maysville and Somerset Sunday Schools. Since you drudged us so unmercifully in May, we realize that it is up to us to do some tall hustling between now and November 4, but we hope that our people will be somewhat inspired by the State Convention and will make us winners. Everything is going along nicely for the convention and we are in hopes of having a splendid time.

Yours very truly,

C. FRANK NASH, President,  
Maysville Sunday School Association

### RAPID PROGRESS

Being Made By Various Committees  
In Preparation For Corn and Tobacco Fair—Sale of Booths to  
Begin Today.

The Corn and Tobacco Fair is progressing very satisfactorily and all the committees are working hard. The Committee on needle work, pantry and poultry exhibits as well as the committee to arrange for agricultural and tobacco premiums have made their final returns. The Esberger Band has been secured by the Committee in charge. The Governor has been secured for Friday afternoon November 23. Committees will soon be selected for the prorosed baby show and floral exhibitions. The Amusement Committee is working hard to engage some better attractions than last year.

Professors Caplinger, Turnipseed and Berry are making plans for a Children's Day that will be long remembered by the Mason County citizens.

The committee on subscriptions while their work is not complete have received very satisfactory assistance by our local men. Mr. W. W. Ball, Jr., and Mr. D. E. Fes will begin their work of visiting the business men giving them the opportunity of subscribing for booths.

### MAYER LEE A CANDIDATE FOR POLICE JUDGE

The announcement of Hon. J. Wesley Lee, present mayor of the city, as a candidate for police judge at the November election, appears in another column of the Ledger this morning.

Mayor Lee claims that his experience as head of the city fits him in an unusual way for the office to which he aspires. He says that if elected to the bench of the city court he will be fair and impartial in all of his observance of the laws of the city at all times, upholding through the city court the ordinances of the city council.

Mayor Lee has been in public life for many years, and during that time has learned much about the laws of the commonwealth, while having presided over council for several years he thoroughly understands the purposes of the several city ordinances under which so many arrests are being made.

The mayor says he is making his race solely on his past record as a city official, and asks the support of the voters in November if they believe he has made good in the other offices of trust held by him in the city.

The regular monthly business and social meeting of the Elks Lodge of the Third Street M. B. Church will be held at the church next Friday.

## CAMP MORALS

The general in command of one of the army cantonments was annoyed by the sale of liquor to "his boys" in the adjoining city. Unable to get satisfactory action from the municipal authorities, he announced that unless this practice was stopped he would place the city under martial law and shut up the saloons. Whereupon the saloonkeepers and the city administration sat up and took notice, and reformed accordingly.

The commander wasn't bluffing. He had the necessary power, under war department regulations, and was prepared to exert it. He has stopped the selling of drinks to his troops, and has also eliminated gambling and other forms of vice.

It's a sample of what is being done in all the army camps to protect the young men quartered there. These camps are clean, hygienically and morally. Their environment is clean, too, at least within a five-mile radius. In most cases the cleansing power of the government goes farther than that. It's a great satisfaction to the folks at home to know that their soldier boys, far from being exposed to the tradition all evils of barroom life, are safer from temptation than they were in their own towns.

## VARIOUS KINDS OF "FOG"

French troops now advance upon the German lines under cover of an artificial fog, which is the latest development of camouflage on the western front. This is not a new device to the United States, though we have never employed it in military warfare. In political battling, however, we are very familiar with it. The last time it was successfully used was in 1916, when "he kept us out of war" enveloped the victorious maneuvering of the Democratic party.

Unless the amateur gardener has done his work himself without hiring help he has probably gained little financially even in these times of high prices, but the public generally has gained by the increased stock of food. The estimated value of this season's produce of back yards and vacant lots is placed at no less a figure than \$350,000,000—a response to the President's appeal that was well worth while.

Probably the new army camps in the South will attract almost as many tourists next winter as the league baseball training grounds.

## Women of Middle Age

Many distressing Ailments experienced by them are Alleviated by Lydia E. Pinkham's Vegetable Compound.

## Here is Proof by Women who Know.

Lowell, Mass.—"For the last three years I have been troubled with the Change of Life and the bad feelings common at that time. I was in a very nervous condition, with headaches and pain a good deal of the time so I was unfit to do my work. A friend asked me to try Lydia E. Pinkham's Vegetable Compound, which I did, and it has helped me in every way. I am not nearly so nervous, no headache or pain. I must say that Lydia E. Pinkham's Vegetable Compound is the best remedy any sick woman can take."—MRS. MARGARET QUINN, Rear 269 Worth St., Lowell, Mass.

She Tells Her Friends to Take Lydia E. Pinkham's Remedies. North Haven, Conn.—"When I was 45 I had the Change of Life which is a trouble all women have. At first it didn't bother me but after a while I got bearing down pains. I called in doctors who told me to try different things but they did not cure my pains. One day my husband came home and said, 'Why don't you try Lydia E. Pinkham's Vegetable Compound and Sanative Wash?' Well, I got them and took about 10 bottles of Vegetable Compound and could feel myself regaining my health. I also used Lydia E. Pinkham's Sanative Wash and it has done me a great deal of good. Any one coming to my house who suffers from female troubles or Change of Life, I tell them to take the Pinkham remedies. There are about 20 of us here who think the world of them."—MRS. FLORENCE ISABELL, Box 107, North Haven, Conn.

## You are Invited to Write for Free Advice.

No other medicine has been so successful in relieving woman's suffering as has Lydia E. Pinkham's Vegetable Compound. Women may receive free and helpful advice by writing the Lydia E. Pinkham Medicine Co., Lynn, Mass. Such letters are received and answered by women only and held in strict confidence.

## Every Time the Clock Ticks

BASED upon the experience of 1916 with 302 working days of eight hours each, The Mutual Life pays to policyholders or their beneficiaries an average amount of \$7.89.

EVERY DAY it pays the sum of \$227,333.92.

EVERY WEEK it pays \$1,320,355.46.

"PRE-EMINENCE in benefits to policyholders" is the watchword.

SHERMAN ARN, District Manager  
AGENTS WANTED

## REMOVE THOSE STAINS

Government Tells How to Remove Spots From Garments and Fabrics.

Washington, D. C., October 8.—To live clothes a longer period of service, and to conserve garments or fabrics which may appear to be hopelessly stained, is the object of a new publication just issued by the United States Department of Agriculture.

Lady Macbeth might have had less trouble with that spot if she could have read this bulletin on "The Removal of Stains from Clothing and Other Textiles." Uncle Sam says that if the housewife knows the cause of a stain, she can find a commonsense way to get rid of it by following the directions given in this bulletin.

Methods are outlined for the removal of practically any kind of stain, from "acids" all the way through the alphabet to "whitewash." They have been tested by the home economics experts of the department.

One of the first requisites in removing stains, says the bulletin, is to know the kind of fabric which is sootted and, if possible, the nature of the stain. Some stain removers which will give admirable results on cotton or linen may, if applied to woolen or silk, remove pieces of the fabric as well as the stain. Likewise, removers which are entirely satisfactory for cleaning silk or woolen materials cannot always be used for removing stains from vegetable fibers, such as cotton or linen. Similarly, treatment which will remove some stains immediately will cause those of a different nature to take firmer hold on the fabric.

The second cardinal principle in spot removal is to work while the stain is fresh. Cold or lukewarm water is usually the housewife's best bet for a first step, the bulletin indicates.

**Catarrh Cannot Be Cured**  
with LOCAL APPLICATIONS, as they cannot reach the seat of the disease. Catarrh is a local disease, greatly influenced by constitutional conditions, and in order to cure it you must take an internal remedy. Lydia E. Pinkham Medicine is taken internally and acts the blood on the mucous surfaces of the system. Hall's Catarrh Medicine was invented in 1861 and has been physicianed in this country for years. It is composed of some of the best tonics known, combined with some of the best blenders. The principal constituent of the medicine is Lydia E. Hall's Catarrh Medicine, which produces such wonderful results in catarrhal conditions. Send for testimonials, free.

## To Stop the Baby's Cry

When the baby is cross and irritable, the skin is very often the trouble. When you give baby the morning bath, sprinkle a little 20 Mule Team Powdered Boric in the water.

This preparation has a soothing and healing effect on the skin—it is a splendid deodorant and antiseptic. Excellent for bathing tired feet.

20 Mule Team Powdered Boric makes water antiseptic and healing and is therefore very comforting in all cases where the skin is sore and irritated.

20 Mule Team Powdered Boric is sold at all good drug stores.

## EASTERN TEAMS CONSISTENT PENNANT WINNERS

Chicago, October 10.—When the Chicago White Sox topped the American league championship this season, they broke up the pennant-winning monopoly long enjoyed by the Eastern clubs. That is to say, they broke up the monopoly so far as the American league is concerned. In the National league the same old championship trust is still doing business on the Atlantic seaboard. Why the big leaguers of the East have triumphed so often over their Western brothers in the race for the flag is a matter of difficulty to explain.

Surely, there are as many star players pasturing with the Western teams as there are with the Eastern units. As a matter of fact, the individual records show that top-notchers in every department of the game are more numerous among Western teams.

And in the matter of management, also, the Western teams appear to be on a par with the teams at the Eastern end of the circuits.

Still, the fact remains that the major leaguers of the West are far behind the Eastern pasturers in the winning of championships.

Since 1876, the first season of the National league, there have been 42 pennants won on the old circuit. Of this number the Eastern clubs have won 27 and the Western clubs 15. No Western club has won a National league pennant since 1910, in which year the Chicago Cubs breezed home a winner under the leadership of Frank Chance.

From 1910 to the present time, the New York Giants have won four pennants, while the Boston Braves, the Phillies and the Brooklyn Dodgers have in turn topped our flag each.

In the West, Chicago and Pittsburgh are the only pennant winners in the National league. St. Louis and Cincinnati

have never having won the honor. Chicago was the home of pennants in the early days of the old league, the original White Sox having won six championships in the first ten years of the parent circuit. This string of pennants, with the addition of the four won in later years, gives Chicago the edge in the way of championships.

The number of pennants won by cities comprising the National League circuit, past and present, includes the following: Chicago, 10; Boston, 9; New York, 8; Brooklyn, 4; Pittsburgh, 4; Baltimore, 3; Providence, 2; Detroit, 1; Philadelphia, 1.

Of the pennant-winning managers now in the National league, McGraw of the Giants leads the list with six championships to his credit. Stallings of the Braves, Moran of the Phillies, and Robinson of the Dodgers have one pennant each.

In the American League it is pretty much of the same story. The Eastern teams have shown the way in a majority of the races for the bunting. Eighteen championship races have been staged since the American league was organized. Of this number the Eastern clubs have won eleven pennants and the Western clubs seven.

Until the White Sox grabbed the honor this season no Western team had finished at the top since 1909, when the Detroit Tigers brought home the bacon.

Philadelphia tops the list of American league pennant winners, the Athletics having won six championships. Next in order come Boston with five, Chicago with four, and Detroit with three.

Among present American league managers who have won pennants, the West has it on the East three to two. Connie Mack of the Athletics, Clark Griffith of Washington, Hugh Jennings of Detroit, Clarence Rowland of the White Sox and Fielder Jones of the Browns are the champion pilots. Griffith and Jones both won pennants while managing the White Sox.

Of the combined total of 60 American and National league pennants Eastern teams have won 38 to 22 for the Western teams.

## BUSINESS EXPERT

To Give Address to Merchants and Their Clerks at Gem Theater on Thursday, October 25.

The Maysville Chamber of Commerce has been putting forth earnest efforts in an endeavor to give our business men the best of everything and yesterday it made arrangements with the National Cash Register Company to send their Mr. Burns here on Thursday, October 25, to give our merchants and their clerks an hour and a half illustrated slide and movie lecture on "The Troubles of a Merchant and How to Stop Them," dealing with retail failures and their causes, store organization, retail advertising, window display, clerks efficiency, selling methods, credit business, the delivery problems, and system in retail business.

We can consider ourselves fortunate as a city in obtaining this lecture through the courtesy of that organization. Through the courtesy of Mr. Baughman, we have been donated the Gem Theater for use on this occasion.

## FUNERAL OF MRS. DICKEY

Held Sunday Afternoon in Bourbon County—Was Wife of New Pastor of Second M. E. Church, South.

Paris, Ky., October 8.—The funeral of Mrs. Ida Phillips Dickey was held at the Methodist Chapel at Hutchinson, Sunday afternoon, and was attended by many of the friends of this noble Christian woman and her husband, the Rev. J. J. Dickey, who has been pastor of the church at Hutchinson for four years. Both have been closely identified with the religious and ethical interests of the community for that period of time.

The body was borne from the parsonage to the Chapel where the services were conducted by the Rev. E. G. B. Mann, of Lexington, assisted by several other ministers. Professors C. C. Fisher, president of the Millersburg College, made the opening prayer, and the Scripture lessons were read by the Rev. W. S. Vandever, of Lexington, and the Rev. J. W. Gardner, of Millersburg.

Dr. Mann selected the XXXI chapter of Proverbs as the basis of his sermon, the 29, 30 and 31 verses being particularly suitable in describing the character of the good woman whose memory was being honored: "Many daughters have done virtuously, but thou excellest them all."

"Favor is deceitful, and beauty is vain, but a woman that feareth the Lord, she shall be praised."

"Give her of the fruit of her hands, and let her own works praise her in the gates."

The Rev. G. R. Combs, of Paris, followed the sermon with prayer, and the benediction was pronounced by the Rev. E. E. Jackson, of Hutchinson.

A number of persons from Oxford church, in Scott county, where Rev. Dickey preached and where Mrs. Dickey was much loved, were present and brought a beautiful floral offering. The congregation at Hutchinson also sent a lovely floral tribute, as did many other friends.

Among those from a distance who attended the funeral were: Mr. and Mrs. J. H. Dickey, of Lexington; Mr. and Mrs. Ira Pyles, Louisville; J. L. Guy, Shelbyville; J. L. Hanks and family and Mrs. Wood Dickerson, of Lexington; Rev. C. D. Humphrey and wife, of Moorefield. Mrs. Dickey was for five years president and for five years the corresponding secretary of the Woman's Home Missionary Society of the Methodist Kentucky Conference, and was also a Deaconess; she is prominently mentioned in the book "Who's Who of the American Women," and was the financial agent in founding the Deaconess Home at Peoria, Ill., was prominent in the work of the State Federation of Clubs, and was active in every department of church work.

The body was taken to Flemingsburg, the former home of Mrs. Dickey, Monday morning, accompanied by her husband, her sister, Mrs. Mary Fleming, J. W. Case, Mr. and Mrs. George Jacoby, George Boaz, Dr. E. G. B. Mann, the Rev. J. D. Redd, Prof. C. C. Fisher, of Millersburg and others.

**INDIANS WIN; CLIMB ON REDS**

Cincinnati, Ohio, October 9—Cleveland picked up a little lost ground by winning from the Reds today. Schneider's work for the locals was not to his usual standard and his support was very weak. Morton was touched up for two runs in the first, but he was replaced by Coveleskie, who was almost invincible. The score:

Cleveland .... 10 200 0 0 12—6 9 2

Cincinnati .... 20 000 0 0 10—3 9 4

Batteries—Morton, Coveleskie and O'Neill; Schneider and Wingo. Umpires—Hildebrand and Harrison.

**BIT AT TOBACCO AND CORN FAIR**

Monday evening the poultry association of Mason County held its regular meeting in the Chamber of Commerce committee room, at which there was quite a good attendance.

The enthusiasm ran quite high as they talked for the coming poultry show at the Corn and Tobacco Fair.

To date some 200 birds and pigeons have been entered for the coming show.

A committee was appointed by the President to make solicitations for additional premiums and a committee on membership composed of F. G. Hunsicker, R. C. Nash and T. K. Proctor. Mr. Chapin of the State Experiment station says that he will be glad to attend the next meeting of the poultry association which will be glad to attend the next meeting of the poultry association which will be held in the near future.

The American Association has been written for the constitution and by-laws for the local organization.

To date there is some 21 members affiliated for this local association and it is the intention of the members to write to all the adjoining counties for new members.
